

AWAKEN THE DRAGON

THE GUARDIAN OF MYSTERIES

AND HIDDEN TREASURES

IN THE LAND WHERE LEGENDS OF THE HOLY

GRAIL, MARY MAGDALENE, THE CATHARS,

THE TEMPLARS STILL LIVE AND BREATHE

IN SOUTHERN FRANCE

May 27 - June 5, 2010

Join us for this ten day journey into the magical land of the Languedoc, one of the many sacred places where the “Dragons”, were assigned to protect, as ancient teachers and servants of the Divine. The knowledge stored here is about the origins of our creation, kept safe, “hidden in a chest of gold”, until we were ready to remember. As the land undulates and spirals from mountains to valleys and then to the magical waters, it resembles the movements and the body of the Dragon, often identified with ley lines and vortexes. We will follow the Dragons’ lead, exploring many places where they have guarded these secrets and truths: of the Magdalene and

Isis Priestesses, of the Cathars and Knights Templar, of inner Earth beings, mermaids – and of the Dragons themselves, to embrace the wisdom that leads us to a more direct relationship with our own inner Spirit and that of the land, the great Mother Earth.

In preparation for the shift of 2012, as the planetary energies and vibrational frequencies increase, both in individuals and the planet herself, that which has been hidden is becoming visible, that which has been repressed and denied is surfacing. The Dragons are ready now to present their treasures for mankind's use in this time of potential "ascension", to open portals from the Earth to other places and times.

Our journey in this magnificent landscape is also designed to identify and wake-up places where the mysterious energies have been hidden within us, so we may experience the wisdom, light and limitless energy from the Source, inviting us to live more fully in our own truth.

In most ancient civilizations, the Dragon played an integral role in the creation mythologies, serving as the messenger between Heaven and Earth. In ancient astronomy, the Draco (Dragon) constellation had its north celestial pole at the "hub" of the northern sky, in the position of the pole star. This gave the appearance that the planet and stars revolved around the Dragon, and stars located in this position, never set from the horizon, giving the illusion that they were "undying".

Tiamat, known to be the first Dragon, was regarded as the Primordial Mother of All, who first existed in the unknown, before the sea and the sky were divided, embodying the mystery of Chaos. Alchemical illustrations from Egypt of the Ouroboros, the serpent/dragon swallowing its tail, symbolize the cosmic circle of the beginning and the end - the Alpha and Omega, in the endless cycle of destruction and renewal.

Our journey will take us to Rennes Le Chateau, with its Tour Magdala and Church dedicated to the Magdalene, where, mysteries of ancient hidden treasures abound. We will also visit the famous cave of the Magdalene and other special sites that hold legends of Mary's life and work. We will experience the sacred thermal waters of Rennes Les Bains, where the famous salt and fresh waters come together, symbolizing where the first dragons of creation, the female (salt water) and male (fresh water) united. Then, we will experience many other hidden places connected to Isis (her 5000 year old stone seat) and Mary Magdalene, including water sources and springs.

We will be surrounded by Dragon lines high above us, connecting the Cathar and Templar Castles, creating a natural pentagram, also known to be a Venus Temple in the landscape, where holy Mountains and castles mark the points, several of which we will visit. Dragons were known to be guardians of ancient temples. There is dinosaur history

here which indicates that the largest group of dinosaur eggs ever found was discovered in the valley below Rennes Le Chateau. (We will visit the Dinosaur Museum here).

Our journey will then weave us to Sea to Les Saintes Maries de la legends say that Magdalene arrived Holy land with her daughter Sarah had with Jesus. Also accompanying other Marys, and Joseph of Arimathea. Every year their arrival is celebrated when hundreds come to partake in the Gypsy festival and to honor the statue of the black Saint Sarah (also thought to be the patron Saint of the gypsies) who is located in the church crypt, next to a hidden underground spring of warm thermal waters. She offers great wisdom and healing.

the Mediterranean Mer, where some by boat from the Tamar, who she them were two

■ We will complete our journey in Spain, near Barcelona, at Montserrat, where we will to visit a church, famous for its Black Madonna, located high up amongst the Dragon lines of the Pyrenees. The region was once the capital of the Catalan region and part of Aragon in the Holy Grail legends. Many believe Magdalene did much teaching here with her daughter Sarah-Tamar, and there are also legends that say the Knights Templars brought the Arc of the Covenant here at one time.

This unique area has always been a place where others have sought treasure, both in physical form and in ancient wisdom. If you are ready and feel called, please join us as we open the Dragon's "golden chest" to learn about the ancient relationship between Heaven and Earth and our true origins and to light our Alchemical Fires, to live the truth, from our Holy Grail within!

Each of the places on the journey is meant for individual experiences, designed to bring balance, inspiration, inner wisdom and heart openings. The energy of the journey will respond to both your personal and the group intention to be activated accordingly for each in his/her life. We will co-create ceremony when inspired to do so, for Earth honoring and for more intimate connections.
