

WALK THE MAGDALENE PATHWAYS
AWAKEN YOUR HEART
REMEMBER YOUR TRUE STORY
IN MYSTICAL SOUTHERN FRANCE
October 16 - 25, 2017

Experience the timeless pathways enriched with mystery and truth, intriguing legends and exquisite beauty in the Rennes Le Chateau region of southern France, the Languedoc. This is an invitation for you to unveil your illumined

self, being activated by the heart energy in this ancient land. Here the consciousness of the Heavens comes down to meet

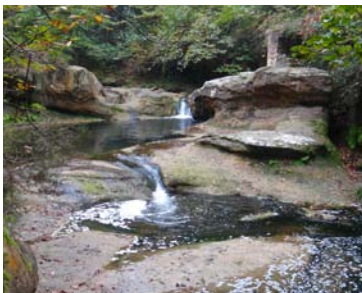

that of the Earth, where the wisdom and teachings of Mary Magdalene, Isis, the Cathars, Knights Templar and other spiritual guardians of this land are ready to awaken and be known again, to help us bridge and integrate our past and futures.

As the land undulates and spirals from mountains and valleys to the magical waters, our journey will lead us

to the 6th century Magdalene church and Tour Magdala at Rennes Le Chateau, to sacred springs and a 5000 year old seat associated with Isis, to

caves and ancient Priestess Temples hidden within the landscape pentagram, as well as to the Holy Mount Bugarach, a Black

Madonna, the famous Cathar Castle, Montsegur and a Knights Templar fortress. We will then bathe in the soothing waters of the

Mediterranean in Les Saints Maries de la Mer where Magdalene first arrived in France long ago.

Here the Black Saint Sarah awaits, ready to

assist us to reclaim and integrate the eternal teachings of Love and Oneness, our Holy Grail. Are you ready?
